

## Affirmations

1. Treat every job as if it was your own.
2. Treat the customer as you would expect to be treated.
3. Treat your work mates as you would expect to be treated.
4. Treat your machinery like your life depends on it. (because it does)
5. Report all accidents.
6. Report all defects.
7. A positive attitude is good for all.
8. Help those who are in need and in turn you help yourself.
9. Work for the future, not just today (short term goals gives short term results)
10. Fill your time sheets out at night, knowing you have given your best.

## Mission Statement

To produce the highest standard of engineering services to our clients.

Meet their ongoing requirements and achieve total customer satisfaction, through consistent quality and innovative solutions and a realistic cost.
